

Sustainability Waves: Earth Charter Radio Campaign and Days of Action

Earth Charter's Youth Leadership Team invites you to participate in its radio campaign, accompanied by days of actions.

<http://www.earthcharterinaction.org/content/pages/radio%20campaign>

One Earth to live on, to care for... we all share the responsibility. **Respect.**

Have you ever wondered how much harm some of our habits cause the Earth? We all hold the key... **Consume less, consume sustainably.**

Have you ever wondered how discrimination and inequality are affecting the world around us? **Eliminate discrimination in all its forms.**

Understanding, solidarity and cooperation. **We all want a better world.**

Universal Responsibility: Earth Charter, let's make the difference!

- Organize your own days of action in your local community.
- Share multicultural experiences of sustainability projects on the ECYI blog.
- Help us to broadcast the radio campaign.
